August 23, 2007

Dear Parent and Racer,

Here we again! Looking toward the winter of 2008.

- **Have you registered with USSA?** If not you had better do so now! Go to the USSA web site and [get it done](#). Each competitor must have a valid USSA number for insurance purposes and to register for races.
- **Go to the PARA web site and download the 2008 PARA application also.** Get it sent in ASAP. You need to do this by 1/1/08 to be accepted into the state finals for 2008.
- **Do you have you seasons pass or lift ticket?** If not get it before the discount date expires. New team date Oct. 31
- **The Team Training Price for 2008 is \$ 450.00 – including Christmas Camp, please fill in the application and make checks payable to CBH2O.** Charges are also accepted charges at the Guest Welcome Center but they will need to have a copy of the application and verification of payment. We ran into several problems with registration last year. As a result: If you pay Camelback please be sure that you get a copy of the receipt so we can cross check. Due to the demand placed on the program this year from new applicants, and since we only have room for a limited number of athletes; **we are placing a cutoff date of Nov. 15, 2007 to guarantee a place on the team.** After that date we will begin to fill the team on a "first come first served basis." I would hate to see anyone be left out this year but the demand is great. How good an athlete you might be is not insurance of a place on the team, we have athlete insurance policies that need to be turned in, we have deadlines to meet, we have possible camps to plan, and we have lots of kids who are quality racers who want to get into the program. So get your team registration done as soon as possible. **No athlete can train in the program that has not paid the proper fees or does not have a lift ticket and signed the proper releases signed.** A team meeting is being planned for later in the fall and more information will follow.
- **We are also asking for a racer support fee / donation to the PASEF.** This tax-deductible donation is used to support club expenses at camps, races and also covers our club athlete insurance. Keep in mind the PASAF is the parent club of the racing program. Through your donations to the club we support coaches expenses, insurance, and assorted race supplies (slalom training poles, race computers, radios, drills, etc). We accept all individual and corporate donations. More information will come from the club will be forthcoming. Have a great early fall,

Think Cold,
Gus
